

Dax December contract

Recap

Dax we wrote: meets psychological resistance at 12990/13000. A break higher is an obvious buy signal in the bull trend targeting 13030/040, 130065/070 & 13120/130.

All targets hit as we reach 13166.

Short term

Daily Forecast - 05 November 2019

Dax bulls remain in control as we make a break above 13000 for a buy signal. Next targets are 13150/155, 13220/230 & 13270/280.

The downside is expected too be limited with good support at 13000/12980. Longs need stops below 12940.
